PROFILE

12 years of experience | 11 Certifications

27 BI & DW Projects | 70+ Corporate Trainings

I tell stories with data by turning them into meaningful insights and deliver valuable dashboards to corporate clients. I am specialized in BI Solutions with forte into data visualizations with Tableau and data pipeline creations with Microsoft Database Technologies.

I take great interest in sharing my knowledge with others by delivering workshops and corporate trainings on data visualization using Tableau/ Power BI and in the field of database tech, data integration and data management using MS SQL Server.

Travelling, Sports and coffee keep my sanity intact. My journey of self-employment continues with the intent of learning through experiencing and experimenting.

CORE SKILLS

- Tableau Prep/Desktop/Server
- Microsoft SQL Server
- SSIS/SSAS/SSRS/Power BI
- Alteryx
- Project & Team Management
- Asana/Slack/Microsoft Project
- Corporate Training
- BI & DW Consulting

WORK EXPERIENCE

JAN 2019 -
PRESENT
